

COVERBIND[®]

STATEMENT REGARDING HEAVY METALS

Our products follow the terms of the European Parliament and Council Directive 94/62/EC and the USA "Model Toxics Legislation" (CONEG Regulations). This means that the sum of the content of cadmium, hexavalent chromium, lead and mercury is less than 100 ppm. Therefore the certain amount of lead in our products is below the limit (100 ppm) mentioned in the Consumer Product Safety Improvement Act (CPSIA).

Our products have very low content of heavy metals and this statement is based upon information from our suppliers and analyses they have done show accordance with Council Directive 88/378/EEC concerning the safety of toys and EN 71 Part 3 (Sb, As, Ba, Cd, Cr, Pb, Hg, Se).
